

Executive Certificate in Digital Insurance

Online Executive Programme

Online Course

Course Overview

The insurance landscape is transforming at an unprecedented pace. Automation, digital distribution, intelligent underwriting, AI-driven decisioning, real-time data, and customer-centric digital journeys are redefining how insurers compete and create value.

The **Executive Certificate in Digital Insurance** is a fully online programme delivered through the **IIEA Learning Management System (LMS)**, designed to equip insurance professionals with the skills and strategic mindset required to thrive in a digital insurance economy.

This self-paced programme offers an immersive digital learning experience – bite-sized modules, real-world case studies, practical lessons, review questions, and digital templates, – all accessible anytime, anywhere.
